Woodworth Enterprises
Ignite. Inspire. Grow.

Corporate Impact Partnership

Invest in your leaders. Fund a nonprofit's growth.
One engagement, two outcomes.

Your best leaders are burning out, defaulting to reactive habits, and dragging culture down with them. Meanwhile, your CSR goals sit in a slide deck instead of showing up in the community.

What if your next leadership investment solved both?

The Corporate Impact Partnership is a premium leadership development engagement for your team with a built-in community investment. Woodworth Enterprises contributes 30% of your engagement fee to fund leadership development for a nonprofit **you choose**.
Your people grow. A cause you care about gets stronger. Your brand gets the story.

What Your Team Gets
